Request

The following key terms from the personal emails of Lesley Dahlkemper that she appears to have been using for correspondence as County Commissioner: from January 1, 2021 until August 15, 2025:

"fuel reduction," "fuels reduction," "fuel," "fuels," "thinning," "thinned."

We remain very concerned that the emails she had emailed us that she was getting from Change.org cannot be found anywhere through any CORA, suggesting to us that Dahlkemper is deleting emails.

Josh,

Thank you for submitting your open records request. Commissioner Dahlkemper conducted a search of her personal emails using the search terms you provided. She confirmed that no records responsive to your request were located.

Best regards,

Becky
